## INSTRUCTIONS

1. Wipe a damp sponge over the pottery to remove dust and contaminants.
2. Paint 1 thick coat of Oceanscape all over the mug until no white is showing.
3. When the color has lost its shine, take a slightly damp round sponge and gently wipe the color off the pottery. You want to wipe lightly, removing the color from just the raised parts of the texture. This will leave the color in just the cracks, giving it an antiqued look. For best results, continually rinse your sponge in your water bowl while you wipe, as needed, and squeeze out the water well so it doesn't drip onto your pottery.
4. Paint 3 coats of Pink Berry, Sunny Side Up, and Sea Mist on the flower petals.
5. Paint 3 coats of Ghostly Grape on the flower middles.
6. Water down the leftover colors and apply 1-2 coats on the inside of the mug.
7. With a liner brush, paint "Whatever" on the jeans label with 1 thick coat of Licorice.

## TIPS

- Allow paint to dry between coats.
- Wash brush between colors.
- If you wipe too much color off while antiquing, just apply more of the dark color, let it dry until it has lost its shine, and re-wipe with the round sponge.
- To get thinner lines with your liner brush, press down lightly. The harder you push on the brush, the thicker your lines will be.
